29/4/10

Sovereign hill!

I'm going to tell you about the 3/4's excursion to Sovereign hill.

On Wednesday the 28th of April the grade 3/4's went to Sovereign hill to learn about the goldrush.

The bus ride there was about two hours and a half. I sat with Niamh. Also she fell asleep.

When we got there everyone had there playlunch. After that we went to the

educational activitie
we got to write on the slate
boards. She also showed us
the whip and the cane.
It was weird.

After we were finished that
we went gold panning!
I got two peices of gold.
We payed to get the
bottle. I was happy when I
found gold. It was hard.

After the gold panning we had
to go to the gold smelting.
the gold was very hot.

After the gold smelting
we had lunch there

was a strange duck in the
lake we were sitting next
to. It was very big and had
black with white feathers.

After that we went to
the old days bowling,
I only had 1 turn. It
was all made out of wood
I had fun.

After the bowling we
went to the olden days
shops some of them
were very strange. When
we went to the lolly shop
I bought a giant
lollypop.

then finally we went home.

Niamh fell asleep on the bus again!

THE END
